

## 4-H SHEEP BREEDING RECORD

(For Purebred or Commercial Breeding Project ONLY)

### Project Requirements

Purebred Ewe Lamb, Yearling Ewe, Ewe, or Flock

1. Own one or more registered purebred ewe lambs, yearlings, or older ewes or rams.
2. Feed and manage ewes for breeding.
3. Keep appropriate production records, including ram service fees.
4. Lambs produced in this project may be fed for market or breeding.
5. Identify animals properly and register with breed associations. (Ewe production record must be submitted with this form.)

Commercial Ewe Lambs, Yearling Ewe, Ewe, or Flock

1. Own one or more serviceable ewes. The ewes may be grade, range, or native.
2. Breed females to good mutton type ram for fall lambing. (Ram may be part of the project.)
3. Feed and manage ewes through the breeding, gestation, and nursing period. (Lambs produced may be fed out or sold as feeder lambs.)
4. Keep appropriate production records. (Ewe production record must be submitted with this form.)

Note: If you are raising lambs from your breeding project to show as a market lamb, follow these steps:

1. Include the fair market value in number 6 (sale of feeder lambs);
2. Start this feeder lamb on the 4-H Livestock Market Record using the same price.

Project \_\_\_\_\_

Total number of lambs raised \_\_\_\_\_

Total number of animals on hand at end of project: Ewes: \_\_\_\_\_ Ewe Lambs: \_\_\_\_\_ Rams: \_\_\_\_\_

### Record of Exhibit

Where Project Was Shown	Date Shown	Placing	No. in Class	Premium Won

### Income from Project
